

Animal House Technician

Job Offer

AnaPath Research

AnaPath Research is a CRO located in Barcelona, with extensive experience in carrying out preclinical trials for pharmaceutical laboratories, the chemical industry and other research organizations. In our more than 30 years of activity we have worked with the main pharmaceutical industries being part of different multinationals (RCC, Harlan and Envigo). In November 2019, AnaPath Services acquired the company and re-founded it as AnaPath Research, thus undertaking together a new project of scientific quality and close contact with new and old sponsors.

With a multidisciplinary team of scientific experts, AnaPath Research covers most fields of preclinical pharmaceutical development and chemical and food safety.

Department

AnaPath Research's animal house is the basis of its scientific activity, and the excellence of its technicians is an important guarantee for the reproducibility of results. With more than 30 years of history, AnaPath Research's facilities have adapted to changes in legislation and animal welfare recommendations to minimize animal stress, which, together with the experience of our staff, guarantees quality experimental results.

In 2016, the company obtained AAALAC accreditation for animal welfare, making us one of the research centers in Catalonia with the highest accreditation for animal welfare, authorized to work with most of the species in Annex II of the order ECC/566/2015 (Official State Gazette).

Position

The position offered is focused on working with both rodent and non-rodent species under top quality conditions. Duties will include handling, performing procedures and euthanizing the animals.

Requirements

Qualification to perform procedures on laboratory animals and euthanasia (b and c) (according to EU Directive 63/2010, RD 53/2013 (Royal Decree) and ECC/566/2015 (Official State Gazette)).

Good knowledge of good laboratory practice (GLP) standards and of routine and experimental animal procedures.

Good knowledge of Animal Welfare regulations.

Ability to communicate efficiently in Spanish and understand protocols and procedures written in English.
